Executive Director Message

To our beloved Family, Friends, and Supporters

Wow what a year – not exactly how I envisioned 2020, but I must say it is flying by! It has definitely been a very busy year. I am happy to report we passed our recertification process with Community Health Accreditation Partner (CHAP) with only 4 tags. Although we are in the midst of a pandemic, we continue providing exemplary care for our current patients and families, while accepting new patients and families, always cognizant of keeping everyone safe.

I am happy to say we had 3 applicants for our Joseph Rasch Scholarship this year. McKenzie Clancy was awarded the Scholarship for 2020. McKenzie is currently an LPN and working her way through the RN Program at the College of Southern Idaho. She is very dedicated and driven as she enters her 3rd semester of nursing school. Congratulations McKenzie. I also want to thank Mike and Marie Rasch for their continued support of this scholarship! We all love and miss our Joe. If you know of anyone who is interested in applying for this scholarship, please have them visit our website at hospicevisions.org, or call the office at (208) 735-0121 and speak to Tracy Fien. Our dateline for accepting applications is from March 1st to April 30th, annually.

This year, due to COVID-19, we made the decision to cancel our Annual Joseph T. Rasch Run/Walk that assists us in the funding of this special nursing scholarship. We had initially postponed it to September 12, 2020, but due to the continued pandemic, it was decided to just reschedule it for 2021. He was such a great person and nurse and his memory remains near and dear in our hearts. So, mark your calendars for next year's event, which will be held on June 12, 2021. If you would like to join us for this special event, please call the office for more information.

During our fiscal year from August 1, 2019 through July 31, 2020, we provided direct patient care to 340 patients and families throughout Cassia, Gooding, Jerome, Lincoln, Minidoka, and Twin Falls counties. In addition, our bereavement services connected us to many individuals and families regardless of their affiliation with our services. We continue to offer our "Visions of Hope" grief support group to anyone who is experiencing a loss, while adhering to the CDC guidelines of wearing masks and social distancing. So, if you know of anyone who may benefit from this service, please have them call our office for details.

Our compassionate care and specialized patient and family focus could not exist without the generous support of our team, volunteers, board of directors, families and friends, and the community as a whole. Thank you for your continued support of Hospice Visions, Inc. We look forward to continuing to enhance our partnerships with our community, and to be the hospice of choice to ensure that no one experiences the end-of-life journey alone, afraid, or in pain.

Over this past year our Leadership Team reviewed our organizations Mission, Vision, and Values to ensure that they continue to reflect our beliefs and philosophy.

They are as follows:

Our Mission

It is the mission of Hospice Visions, Inc. to provide exemplary service to patients, and their loved ones, who are coping with the challenges of life-limiting illness, and to provide outstanding community education on issues of death, dying, quality of life, and bereavement.

Our Vision

Be the hospice of choice to ensure that no one experiences the end-of-life journey alone, afraid, or in pain.

Core Values

Our Leadership Team reviewed our core values and we feel they guide us in our actions in how we provide services to our patients and their loved ones. They are reflected in what we say and do.

Stewardship

Careful and responsible management of resources and relationships.

Honesty

Fairness and straightforwardness of behavior.

Love

Care based on admiration, common interest, and, benevolence.

Accountability

Obligation or willingness to accept responsibility for one's actions.

Respect

Admire and treat others well.

Trust

Believe in the reliability, truth, ability, or strength of others.

Jami Matter
RN, BSN
Executive Director

Volunteers

Nora Wells

Volunteer and
Teen Volunteer
Coordinator

Volunteers

The heart of a volunteer is like no other heart. It awakens a part of the soul, where living waters flow and touches the life's of others with a silent stroke of love that is not only felt by the ones they touch, but also by those who bear witness to such an act of kindness.

Creative, persevering, dedicated, patient, and loving are the words we use to describe our amazing volunteers in the year 2020! In March, all day-to-day volunteer activities came to a screeching halt, due to COVID-19. Following suit, Medicare waived our 5% volunteer match until further notice.

Even with the continued moratorium on volunteers in facilities, some of our volunteers have continued at their posts. Volunteer Barb continues to make weekly "tuck-in" phone calls to our patients, prior to the weekends, to ensure that they will have the supplies they need for the weekend. These calls minimize the stress on our patients and reduce the extra amount of running around for our weekend staff.

Why be a Volunteer?

We grow more as humans by the selfless acts we do for others. Giving of your time to help someone else who is usually a perfect stranger in need of a volunteer, and having no expectations and knowing they will never be able to somehow repay you, opens the mind and soul to a deeper spiritual understanding.

Volunteer Frank, has been busy editing the “Life Legacy” DVD’s for our patients and their families.

Volunteer Jim, has been instrumental in assisting with our annual events and fundraisers.

Volunteer Pam, makes weekly phone calls to a patient and has joined our “Visioneers” sing-a-long group, bringing joy to those on quarantine by singing to people through their windows at assisted livings and skilled nursing facilities, during this time of COVID-19.

Volunteer Judy, continues to visit a patient at the Hospice House while keeping a safe distance outside on the patio.

We at Hospice Visions, Inc., are so thankful for our volunteers, as they are truly the finest people in our community. It is our hope that in a very short time, we will be able to resume our normal volunteer activities and restore the human touch, which loving volunteers offer.

Veterans

WE HONOR VETERANS

Oh beautiful
for heroes proved
in liberating strife
Who more than self,
their country loved
And mercy more than life
America, America
may God thy gold refine
'Til all success be
nobleness
And every gain divined

An estimated 253,220 of the 16 million Americans who served in World War II are living today. Treasures of history are tucked away in communities all around the U.S. Everyone at Hospice Visions, Inc. worked very hard to complete the steps required to achieve our “We Honor Veterans” level five certification.

Giving honor and respect to our communities veterans, whether they are receiving our services or not, has always been a top priority for our organization. We work closely with the VA and all of our local veterans services, to insure that every service man or woman receives the opportunity to register for the benefits they have earned.

To better serve our veterans, we provide era or issue specific veterans trainings to all of our staff and volunteers each year, to keep everyone up to date on specific needs or issues our veterans may face. As an organization we participate in monthly veteran centered meetings as well as participating in veterans events as they occur in our community.

Last year alone, we performed 31 veterans pinning/recognition ceremonies in assisted living centers and private homes. We are fortunate to have four Veteran-to-Veteran volunteers: Levi, Manny, Alan, and Bob, who are available to visit with veterans receiving our hospice care. These specialized volunteers are able to deeply connect with our veteran patients, as they speak the language and share a brotherhood with other veterans in a way that only they can. It's truly a privilege to be able to care for those who ensured our freedom and our way of life here in the United States of America.

**For questions regarding our
“We Honor Veterans” partnership or the
“Veteran-to-Veteran” volunteer program,
please call the Visions office at (208) 735-0121.**

6TH Annual Commemorative Vietnam Veterans Welcome Home Event

It was looking doubtful that our 6th Annual Commemorative Vietnam Veterans Welcome Home Event was going to happen in this crazy year of 2020. There was one obstacle after another, right down to the very week of the event.

However, on the morning of July 18th, 2020, in the Twin Falls City Park, the rumbling sounds of motorcycles were heard. Riders were assembling to make their annual pilgrimage through the towns of Kimberly, Hansen, Jerome, and Buhl, to pay their respects to their fallen brothers and sisters at cemeteries, Veterans Memorials, and for the first time in our 6 years, the new National Veterans Cemetery, in Buhl, ID.

Even though we were not able to celebrate with a community BBQ, as we have in past years, the Veterans were able to enjoy their ride, while being escorted by the Twin Falls Police Departments finest officers!

Hospice Visions, Inc. has partnered with the Dream Foundation over the course of many years, in order to offer opportunities to hospice patients and their loved ones in the fulfillment of lifelong wishes. In addition, Hospice Visions, Inc. has recently incorporated the use of a discretionary dream fund to assist our local residents, when joint efforts with the Dream Foundation are not possible. Whether coordinating with community resources or making use of discretionary funds, Hospice Visions, Inc. continues to look for ways to enhance the quality of life of the residents of the Magic Valley and the Mini-Cassia area who are receiving hospice care.

On one occasion, the team at Hospice Visions, Inc. assisted a patient and his spouse in having a celebratory dinner for their anniversary. The patient had experienced a sudden decline and was unable to go out to their favorite restaurant to celebrate as a result. On the eve of their anniversary, they were greeted by their RN with a meal, dessert, a card, and flowers in observation of the importance of this date.

Often, despite significant health limitations, our patients have a desire to travel to destinations that they have neglected for the entirety of their lives. Recently, Hospice Visions, Inc. provided assistance to a patient, his sibling, and a family friend in order to allow them to travel to Yellowstone. The patient has a lifelong love of animals and was delighted to be able to visit the park, the animals, and the scenic attractions. His team also coordinated with the rangers in the park, in order that he be made an honorary ranger. He and his family were touched by the generosity of all involved.

The use of our discretionary fund is not always expressed as a grand gesture. This year, Hospice Visions, Inc. made use of its discretionary fund in order to purchase some noise-cancelling headphones for a patient. His had been damaged beyond repair and he lived in a somewhat hectic environment. He used music to combat the chaos of his situation and was able to be provided a new pair of headphones to allow him to increase his day-to-day quality of life for the better.

Hospice Visions, Inc. worked with the Dream Foundation this year, in order to offer support to a patient who had a desire to travel to the west coast and dip her feet in the ocean, in California. Unfortunately, the patient suffered a quick decline and found herself unable to tolerate transport given symptom management needs. The Dream Foundation was quickly able to modify the dream request to allow her family to fly to her home town, along with a provision for ground transport and lodging, which gave her family an opportunity to see each other in person and share together in stories, laughter, and love.

Senior Liaison Services

Hospice Visions, Inc. is always looking for some way to reach out to those in need of help, often by providing education in different areas of healthcare. At times, seniors have complex medical and/or social issues, where having a professional clinician to consult with is a beneficial resource. The Home-Safe-Home program was designed to help those who are not sure where to get the help they need. A professional social worker does an effective consultation, and then, can provide important information about community resources including: caregiver resources, in-home meals, life line, benefit programs, and support groups. There is no charge for this consultation and in most circumstances, one visit is enough to provide the needed resources and alleviate much stress and worry for all parties involved.

Throughout the year, Hospice Visions, Inc. has been able to assist multiple community members with obtaining and receiving needed equipment for their homes, such as power lift recliners, motorized scooters, and hospital beds.

A gentleman in the area wound up residing in an assisted living facility, due to a chain of hospitalizations and a general decline in health. After some time, he regained his strength and was eager to return to an independent living situation, where he could go about his daily activities as he desired, on his own schedule. Through a Home-Safe-Home consultation with Hospice Visions, Inc., our social worker was able to assist him to find senior housing options that fit into his budget and helped facilitate a successful transition back to his independent lifestyle.

In another instance, an elderly lady was in need of assistance to remain in her home and continue to live independently. She was given information about the Medicaid program and assisted with the navigation through the application process. Through her Home-Safe-Home experience, she was able to line up the assistance she needed with local care agencies, and feels confident that she can remain in her home for the foreseeable future.

Hospice Visions, Inc. is committed to use these Home-Safe-Home services to enhance the well-being of the community we serve. We look forward to tracking these services during the next fiscal year and will look for trends and opportunities to enhance this program, with our focus on outstanding community education. This is another service we provide to help fulfill our mission statement.

Family Comments

*Excellent hospice provider with such caring, compassionate people.
Could not have been nicer, my mom loved them all!*

Kelly S, daughter of Muriel S

Your hospice team was absolutely wonderful. I would highly recommend your services to anyone. Fantastic care.

Clyde S, spouse of Roberta W

*Had the best nurse and help. The best care anyone would want.
Good team of people. Thank you to all.*

Daryl G, spouse of Sherry G

Hospice Visions had extremely kind, capable, and compassionate people who provided excellent care for dad and went above and beyond to make him, mom, and the entire family feel at ease.

Dennis B, son of Edward B

Our family's experience with hospice was amazing. An emotional challenge was made so much more bearable.

Sue R, daughter-in-law of Letha R

Hospice Visions was awesome to Len and family. They made all our lives easier by taking care of all of Len's needs and guiding the family. We were all a good team. Thank you.

Velma R, spouse of Len R

Visions took very good care of my father. He enjoyed everyone who came to see him.

Darla C, daughter of Dean D

Hospice Visions did an excellent job taking care of our mom. I would recommend them to anyone needing hospice care. Staff did an excellent job. Thank you!

Kayleen P, daughter of Faye R

Fundraising & Donations

“It takes a village,” or in our case, a community, that works together to bring about a greater good for all its people, our neighbors.

Since the birth of Hospice Visions, Inc., in 1995 as a 501(c)(3) non-profit organization, our goal has been to provide exemplary comfort, care, and love to anyone facing a life limiting illness or condition regardless of their ability to pay. Approximately 16.52% of Idahoans are still uninsured and may find themselves in need of Hospice care. Hospice Visions, Inc., is here for you, and your family. Through the generous support from the community, fundraising events, thoughtful donations, and grant opportunities, we are able to offer extra supportive services such as light touch massage and life legacy DVD’s, to our patients and their families, in addition to exceptional hospice care.

In 2019, we recognized gifts in kind in excess of \$26,000 in goods and services, to support our Annual Golf Tournament, the Commemorative Vietnam Welcome Home Celebration, and the Magic Valley Festival of Giving. Many thanks to all our local merchants, vendors, and services who have given so generously, to assure that our fund raisers and events are successful, so that we can continue to provide the best in Hospice care to our patients and their families, helping them to make the most of every day.

Website Donations

We are happy to report that our hospicevisions.org donations are up, and the website is easier than ever to use. We have added a PayPal selection in addition to our standard pay option. Reserve your butterfly for the Live Butterfly Release, help support our Veterans events and celebrations, register your golf team for our annual tournament, or leave a gift in memory of a loved one, all online. Through the partnership of our vendor, our donation website is secure, safe, and convenient!

25th Annual Flo Slatter Memorial Golf Tournament

It was a milestone year for our Hospice Visions, Inc. Golf Tournament. 2019 marked our 25th year putting on one of the most successful and anticipated events of the year. Many of our regular golfers have said that the Hospice Visions Golf Tournament is the most fun tournament of the year!

The funds raised from our Golf Tournament go directly to our patients. It helps to off-set the cost for those who are uninsured or under insured, as well as some of the extra comfort, care, and love we give to our patients, such as light touch massage, extended CNA care, and life legacy videos.

There were 26 teams, over \$16,000 in raffle prizes, and we raised over \$11,000 for our patients and their families! We'd like to thank our volunteers, golfers, sponsors, donors, and Clear Lake Country Club for making our 25th year truly special. We could not have a successful event of this size without the selfless dedication of everyone who believes in us and our mission.

***Thanks to all the individuals,
businesses, and community partners.***

Festival ^{7th} Annual of Giving

Everyone at Hospice Visions, Inc. had so much fun creating our very unique Christmas tree for this year's, Magic Valley's largest, annual charity event.

The 2019 Magic Valley Festival of Giving took place on November 22nd through 25th, at the Fleur de Lis Ranch in Twin Falls, Idaho.

Thirty local non-profit organizations had the opportunity to create a beautifully decorated tree or wreath for display, and sell it to the highest bidder at one of the several events that took place throughout the course of the four-day event.

The Hospice Visions, Inc. "Farm Fresh Christmas" tree won a blue ribbon for "most creative tree". Our unique tree sold for \$2,400.00 to the highest bidder. The cake that matched our "Farm Fresh Christmas" tree theme, which we provided thanks to Cakes by Carolyn, was auctioned off for \$400.00.

With our direct sales and our share of the general pot, we received \$13,000 from this collaborative community fundraiser. We'd like to thank Brad and Linda Lanting for the donation of their beautiful property, and Mark and Debra Hansen for their time and creativity in organizing this event.

All proceeds received from this event, like that of our Golf Tournament, will go directly to patient care, so that we may provide the utmost in comfort, care, and love to all needing hospice care, regardless of their ability to pay. Thank you to AA Dairy and Ardema for sponsoring our tree, and to Jennifer Glass and West End Veterinary Clinic for sponsoring our award-winning decorations!

***Thank you for allowing us to
be part of your incredible event.***

8TH Annual Butterfly Release

On June 27th, 2020, we had the privilege of hosting our 8th Annual Live Butterfly Release Memorial Celebration. This year's release was different in many ways, compared to previous Butterfly Releases, as we all tried to navigate the COVID-19 mandates with the wearing of masks, physical distancing, and the attempt to accommodate all those in attendance.

Despite these challenges, we had a record number of butterflies reserved and turnout at the event. The number of people who attended the event might have been a result of fewer people traveling at that time or, maybe we have all had a chance to slow down a little and focus on what it really means to be alive and reflect not only on ourselves, but on those who raised us, stood by us, who believed in us, and how dearly they are missed. Whatever the reason, it was an amazing site to see 500 butterflies take to the sky all at once and see families gather together in tears and love, celebrating loved ones who have gone before them.

We chose a new location this year, and as it turns out, it was a match made in heaven! We partnered with Orton Botanical Garden, at the corner of Filer and Grandview in Twin Falls, so that when the butterflies were released, they didn't have to go far to be home!

For the first time in the history of this beautiful event, those who were unable to attend in person, could watch it live on our Facebook page. Kevin Bradshaw at 3 Star Production used his equipment and know-how to bring the butterfly release to everyone, by way of the world wide web.

The Quilting Spuds

"A Quilt for all Seasons"

Each year, the "Quilting Spuds", a local quilting group, get together to create a work of art using thread, fabric, and lots of love for Hospice Visions, Inc., to raise the funds needed to support our patients who are uninsured, underinsured, or without the funds to pay for their end of life care.

This year's theme was "A Quilt for all Seasons," dedicated to the beauty of Idaho's four seasons. Hospice Visions, Inc. employees and volunteers raised over \$1,333.00 in raffle ticket sales. Super job Hospice Visions Staff and Volunteers!

**A very special thanks to the Quilting Spuds
for their loving, handmade gift to Hospice Visions, Inc!**

4th Annual Art for Hospice

In an attempt to change the paradigm of traditional fund-raising, Hospice Visions, Inc., and 15 local artists from Southern Idaho, organized the Fourth Annual “Art for Hospice” Art Exhibit / Fundraiser, where twenty five percent of the art sold went to support our Visions of Home Hospice Home located in Jerome, Idaho.

On October 10th and 11th, over 100 original works of art were on display at the Hilton Garden Inn in Twin Falls, ID. This Art Exhibit, with a social conscious, was open to the general public. The art on exhibit ranged in price from \$30.00 to \$52,000, so there was something for everyone.

The Artists Reception on October 10th, complete with Hors d’oeuvres and spirits, was well attended by community art lovers. We are amazed by the talent that lives here in Southern Idaho and thankful that they are so willing to share their gifts with us, to create this different type of benefit for our “Visions of Home” Hospice Home.

“Visions of Home”

“Visions of Home” Hospice Home

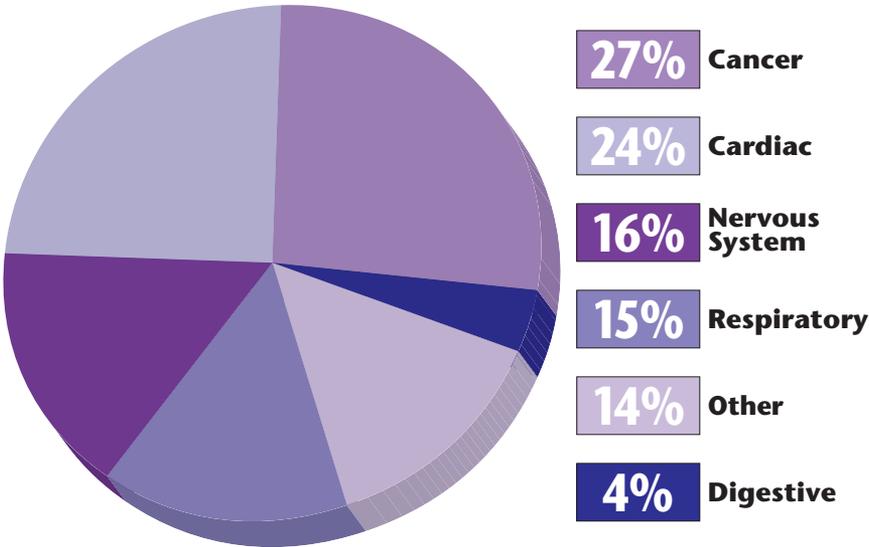

Each year, since 2006, St. Luke’s Magic Valley Medical Center has awarded us funding through their Community Health Improvement Fund. These dollars are used to ensure Hospice Visions, Inc. can meet the needs of our community by defraying costs and providing care at our “Visions of Home” hospice house. Hospice Visions, Inc. provides hospice care in this peaceful, quiet, home-like environment to those with limited income as if it were the patient’s own home. Without the help of our community, local businesses, and legacy donations, our ability to provide access to quality, compassionate care and supportive services would be impacted
